It is noted that applicant is presenting claims without the proper status indicators. For example, numerous claims have been withdrawn by the examiner. These claims should have been presented with the "(withdrawn)" status indicator rather than the "(original)" status indicator.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 37 is rejected under 35 U.S.C. 102(b) as being anticipated by Brettrager.

Brettrager shows a vise jaw 21 having a slot 24 between the top and bottom of the vise jaw. A removably attached stop 25 resides in the slot and a free portion of the stop extends out of the slot and beyond the face of the jaw. An imaginary centerline could be drawn through the slot that is perpendicular to the to the plane of the jaw face.

Claims 38-43 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 12/30/05.

Claims 1-2, 4-22, and 24-36 are allowed.

Applicant's remarks have been carefully considered. Claim 37 as now amended presents a claim with a new breadth of scope that has not heretofor been presented.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3723

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
